Federal Communications Commission  
Office of the Secretary

JOINT APPLICATION FOR CONSENT TO TRANSFER CONTROL AND  
REQUEST FOR STREAMLINED PROCESSING

Richmond Telephone Company ("RTC") and its subsidiary, Richmond Connections, Inc. ("RCI", and, collectively with RTC, "Transferors") and CornerStone Telephone Company, L.L.C. ("CornerStone" or "Transferee") through counsel, hereby respectfully request authorization pursuant to Section 214 of the Communications Act, as amended, and Sections 63.03 and 63.04(a) of the Commission's Rules, to transfer of control of RTC and RCI to CornerStone. This Application is being filed simultaneously with the International Bureau and the Wireline Competition Bureau to request consent to the transfer of domestic and international authority of Transferors. Because the parties and the facts surrounding this proposed merger qualify for streamlined processing of this Application, the Parties respectfully request such treatment.

### **Background**

Applicant RTC is a rural local exchange carrier ("LEC") providing local exchange and exchange access service to approximately 1,045 access lines in rural portions of Massachusetts. RCI is a competitive local exchange company ("CLEC"), providing exchange and exchange access service to approximately 6,947 access lines in Massachusetts. In addition, RCI provides interstate long distance services to its subscribers and residents in RTC's service area, as well as global international resale services pursuant to Commission authorization under File No. ITC-214-19991019-00660.

Applicant CornerStone is a closely-held New York limited liability company, providing voice and data services in New York State, Massachusetts, Pennsylvania and New Jersey as a CLEC. CornerStone proposes a merger transaction whereby RTC would become a wholly-owned subsidiary of CornerStone. Control of RCI would also be transferred to CornerStone as a result of the proposed merger.

After the contemplated transaction, RTC and RCI will continue to exist and operate in its same service territories, under the same trade names, providing service pursuant to existing rates, terms and conditions. The proposed transactions will, accordingly, be transparent to consumers.

The proposed transaction is entitled to streamlined treatment pursuant to section 63.03(b)(2)(ii) of the Commission's Rules because it would result in CornerStone having a market share in the interstate, interexchange market of less than 10%; and the Applicants are (i) a dominant carrier (RTC) and (ii) a non-dominant carrier (CornerStone) that provides services exclusively outside the geographic area where the RTC is dominant.

In support of the Parties' request for consent to consummate the proposed merger, the following information is provided:

**(5) Certification pursuant to 47 C.F.R. Sections 1.2001 through 1.2003 that no party to the application is subject to denial of Federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988.**

All parties to this Application hereby certify, pursuant to 47 C.F.R. Sections 1.2001- 1.2003, that no party to the present Application is subject to denial of Federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988.

**(6) Description of the Transaction:**

The proposed transaction will be effectuated through a reverse triangular merger, wherein a single-purpose acquisition subsidiary is formed by CornerStone for the purpose of merging with Richmond Telephone Company, being the survivor of the merger transaction. Specifically, CornerStone has formed a Massachusetts corporate subsidiary, Richmond Acquisition Corporation, which will merge with Richmond Telephone Company in accordance with corporate law of the Commonwealth of Massachusetts. RTC will be the surviving corporation, and the existence of Richmond Acquisition Corporation will, upon consummation and effectiveness of the proposed transaction, terminate, leaving RTC a wholly-owned subsidiary of CornerStone. State authorization is not required to conduct the proposed transaction. The Parties will provide notice to the Massachusetts Department of Telecommunication & Cable within 30 days of the date of consummation of the proposed transaction.

After the proposed transaction, RTC and RCI will continue to operate in the same service territory, under the same trade name. The companies will continue to offer services pursuant to their current rates, terms and conditions. No carrier change charges are associated with the transaction, and no customer service or billing contact information will change as a result of the transfer. The transaction will not affect customers' preferred carrier freezes.

**(7) Description of the geographic areas in which the assignor and assignee (and their affiliates) offer domestic telecommunications services, and what services are provided in each area:**

***Transferors***

Transferor Richmond Telephone Company is a rural LEC serving Richmond, Massachusetts, a rural community in the Berkshires, since 1903. Serving approximately 5 square miles in western Massachusetts bordering New York State, RTC offers a wide variety of calling features and local Internet access to its 987 subscribers in Berkshire County.

Transferor Richmond Connections, Inc. provides both facilities-based and resold CLEC voice and data services to 2,265 customers, primarily in Berkshire County Massachusetts (wholly outside the service area of RTC). RCI provides local exchange and exchange access services, long distance voice, data, Internet and broadband offerings, and enhanced calling features to its customers on a competitive basis with the dominant LEC, Verizon Communications. In addition, RCI provides long distance services to 701 customers in RTC's service territory.

The RCI competitive telecommunications service areas are also served by ILEC Verizon Communications, as well as a variety of other competitive carriers, including Global

Crossing, Matrix, Paetec, One Communications, and Time Warner. In addition, wireless carriers Verizon Wireless and AT&T also provide a variety of services in this area. Transferee CornerStone Telephone Company, L.L.C. also offers competitive services in Pittsfield, Massachusetts, the only geographic area in which both Transferor RCI and Transferee compete. CornerStone has only a minimal market share in Pittsfield, Massachusetts.

### ***Transferee***

Transferee CornerStone Telephone Company, L.L.C. is a CLEC, providing approximately 8950 customers with Internet-protocol based broadband services, along with competitive local exchange, exchange access, long distance, data and broadband offerings. CornerStone serves approximately 50 customers in Pennsylvania, 125 customers in Massachusetts, 20 customers in New Jersey, and 8,755 in New York. Transferee's Massachusetts operations do not compete with the rural ILEC operations of Transferor Richmond Telephone Company.

### **(8) Statement as to how the application fits into one or more of the presumptive streamlined categories in section 63.03 or why it is otherwise appropriate for streamlined treatment:**

The proposed transaction is eligible for presumptive streamlined processing pursuant to Section 63.3(b)(2)(ii) of the Commission's Rules. The proposed transaction results in the assignee having a market share in the interstate, interexchange market of less than 10 percent, and would result in CornerStone's provision of competitive telephone exchange services wholly within geographic areas served by incumbent local exchange carrier Verizon Communications, an incumbent carrier who is not a party to the proposed transaction. The parties qualify for streamlined treatment pursuant to subparagraph (ii) of the relevant rule section: Transferee CornerStone is a non-dominant carrier, and does not provide service within the geographic area where RTC is a dominant carrier.

### **(9) Identification of all other Commission applications related to the same transaction:**

Application for International Section 214 authorization filed contemporaneously herewith.

### **(10) Statement of whether the applicants are requesting special consideration because either party to the transaction is facing imminent business failure:**

No party to the Application is requesting special consideration because of imminent business failure.

### **(11) Identification of any separately filed waiver requests being sought in conjunction with the transaction:**

There are no separately filed waiver requests being sought in conjunction with the transaction.

**(12) Statement showing how grant of the application will serve the public interest, convenience and necessity, including any additional information that may be necessary to show the effect of the proposed transaction on competition in domestic markets:**

The proposed transaction will serve the public interest by ensuring no interruption of service, no inconvenience to the affected customers, and no significant diminution in the availability of competitive local services. Transferee has the technical, financial and managerial capabilities to provide quality service to Transferor's customers. Accordingly, Applicants respectfully request that the Commission grant the Application as soon as practical.

**Transfer of Control of International Section 214 Authorization**

Applicant RCI resells switched international long distance toll services to residential and business customers pursuant to an international Section 214 authorization granted by the Commission under File No. ITC-214-19991019-00660. In accordance with the requirements of Section 63.24(e) of the Commission's Rules, Applicants submit the following information in support of this Application for the transfer of control of RCI to CornerStone.

**(1) Name, address and telephone number of each applicant:**

Please see information provided above in response to Item 1.

**(2) Government, state or territory under the laws of which each corporate or partnership applicant is organized**

**(3) Name, title, post office address, and telephone number of the officer or contact point to whom correspondence concerning the application is to be addressed**

Please see information provided above in response to Item 3.

**(4) Statement as to whether the applicant had previously received authority under Section 214 of the Act.**

Transferor RCI holds the international Section 214 authorization for international resale pursuant to File No. ITC-214-19991019-00660.

**(5) Application purpose.**

Applicants seek authorization for the assignment of the international Section 214 authorization held under File No. ITC-214-19991019-00660. Applicant CornerStone certifies that both it will comply with the terms and conditions of Sections 63.21 and 63.23 of the Commission's Rules.

**(6) Non-streamlined services.**

N/A

**(7) Environmental Assessment**

N/A

**(8) Name, address, citizenship and principal business of any person or entity that directly or indirectly owns at least ten percent of the equity of the applicant entities:**

Please see information provided above in response to Item 4.

**(9) Certification as to whether or not Transferee is, or is affiliated with, a foreign carrier.**

CornerStone certifies that neither it nor any affiliate or successor is or will be foreign carriers, and that neither it nor any affiliate or successor is or will be affiliated with any foreign carrier.

**(10) Certification as to whether or not Transferee seeks to provide international telecommunications services to any country for which certain conditions are true.**

CornerStone certifies that neither it nor any affiliate or successor will provide international telecommunications to any destination country for which CornerStone or an affiliate or successor (1) is a foreign carrier in that country; (2) controls a foreign carrier in that country; (3) is owned more than 25% by or controlled by an entity that controls a foreign carrier in that country.

**(11) Showing regarding provision of international telecommunications service to a country where the applicant is a foreign carrier or is affiliated with a foreign carrier.**

N/A

**(12) Regulatory classification under Section 63.10 of the Rules for foreign-affiliated carrier.**

N/A

**(13) Certification that applicant has not agreed to accept special concessions directly or indirectly from any foreign carrier.**

**(14) Certification pursuant to 47 C.F.R. §§ 1.2001-1.2003 that no party to the application is subject to denial of federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 583**

Applicants hereby certify, pursuant to 47 C.F.R. §§ 1.2001-1.2003, that to the best of their knowledge, information, and belief, no party to the Application is subject to denial of federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 583.

**(15) Qualification for streamlined processing.**

This Application qualifies for streamlined processing under Sections 63.12(a) and (b) of the Commission's rules. No party is affiliated with any foreign carrier in any destination market. No party has an affiliation with a dominant US carrier whose international switched or private line services the Applicants seek authority to resell. No party to this Application seeks authority to provide switched basic services over private lines to a country for which the Commission has not previously authorized the provision of switched services over private lines. Authorization is sought to complete a transaction that would continue the current operations as a non-dominant carrier reselling the international switched services of one or more unaffiliated US carriers.

**WHEREFORE**, Applicants respectfully request expeditious grant of this Application.

Respectfully submitted,

**RICHMOND TELEPHONE COMPANY  
and  
RICHMOND CONNECTIONS, INC.
